

SECTION 5 (Appendix)

Managing Pain and Uncontrolled Symptoms

Should you develop uncontrolled symptoms that can't be addressed in your current residence, your hospice benefit includes a General Inpatient level of care provided in a hospice inpatient unit or skilled nursing facility.

To continue receiving hospice services from MJHS Hospice and Palliative Care (MJHS-HPC), you must receive care at a facility contracted with MJHS-HPC.

You can decide to use services or be admitted to a hospital or facility not contracted with MJHS-HPC for symptoms related to your hospice diagnosis by revoking your hospice benefit or assuming responsibility for any fees or charges associated with the services provided.

If your symptoms become unmanageable, don't panic: **STOP** and call one of our 24/7 numbers:

- **Manhattan and the Bronx: (212) 649-5555**
- **Brooklyn: (718) 921-7900**
- **Queens and Nassau: (516) 239-2400**

A nurse or physician will immediately evaluate you and your symptoms to see which level of care is best for you. Please speak to your RN Case Manager at the time of admission to predetermine where you would prefer to be transferred, should a General Inpatient level of care be needed.

On the next page is the most current list of MJHS-HPC contracted inpatient units and skilled nursing facilities.

** *Accepts ventilator patients*
